Ithallians are the definition of unconquerable. They are bound by a brotherhood that can only be forged in a war, for Ithallians, all of them, know the cost of freedom. As long as you respect them and are faithful in your dealings with them, Ithallians will treat you like a member of that family. If not...they don't tend to leave survivors...

Socialist Party, although there is some strong competition

I've posted in this topic many times and nobody has picked a conservative party. 🙄

(The Allied Tribe is centrist-conservative while Third ZSeparatists is disputed, they proclaimed themselves as conservative but are generally considered to be a fascist. Both are Christians.)

A federation of various leftist Communes in a Sci-fi world, orbiting a beautiful dance of a black hole and a blue star.

Part ancom, part Democratic Confederalist, some mutualism and a fair bit of fully automated luxury gay space communism. So a united libleft polity in space.

We do not use NS Stats, policies, or otherwise. Please only judge us by what is in our factbooks.

An alternate history version of China in which the alliance between the Kuomintang and the Communist Party never broke down, eventually resulting in a federalized, democratic China. Though one of the world's strongest economies and an emerging superpower, China continues to suffer from high rates of income inequality, an overreaching and sometimes corrupt government, and cultural issues that continue to persist despite the efforts of many reformers over the decades. Most factbooks are still an active WIP.
