Ok, this time we have a crime... About stealing organs, well, it's what the ancient people said, "an eye for an eye", although this time things are a bit more... literal

Digging the bodies in the graveyard and selling them to medicine schools

Don't take my nation too seriously. I don't.

There are no graveyards, they go right there anyway.

Singing Christmas carols.

Leftists abuse politics for their narcissistic need for moral superiority. Ironically, they usually achieve the opposite.

No crime.

Not a crime here. We love our underworld comrades in the black market here.

Teaching kids about conservatism, Christianity, and controversial rightist topics like what the Jews are secretly plotting against fat potato like WASP people everywhere in Texas and the South.

A medal of honor for meritorious service to the community, plus a bonus equal to 50% of salary.

Falsely marketing fake meat substitute products using the word "meat" and causing a consumer to go into anaphylactic shock and die.

Assuming it's intentional and knowingly done, it is reckless endangerment causing death in the first degree. Results in a shutdown of the company while an investigation looks into it. If found guilty, the company's top leaders will be charged and the company will be shut down.

Burning an original copy of the Constitution, Charter, or equivalent.

Depending on your rank within the nobility.  
For example, if your rank is 0, you will be asked to be silent, and if you are 8 or higher, you will be allowed to speak whatever you want as long as you don't want to destroy the Holy Empire itself.

Not a crime.

Letting a bunch of rats loose in a crowded area.

Godulan Puppet #2, RPin as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

*Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.*
