Lemme guess? Uncle Ruckus and that funny picture from Charlottesville involving a skinny old black guy with a cowboy hat staring at a white guy with a BLM banner?

h.k. edgerton, anthony hervey, and karen cooper. those are just about the only three. i'm pretty sure i already used edgerton's portrait for president packer, too.

Every time I do something like that, I defaulted back to my old and original pink and green flag. Even the color changes are temporary.

Maybeeee have a flag waifu, or just an avatar, or have a color change, then go back to green and pink. That's Val Z for you!

Tbh, I am not sure why all anime characters/drawings on flags sometimes get called as "waifus" either, as I generally try to go for a character which could represent the nation in question, or some parts of it, and have never called it a "flag waifu" either. Such flags can be easily thrown together in powerpoint if the drawing is transparent, and merge function is used. But yeah, I have seen images as avatars pretty often too, particularly in NSG and other subforums. Not saying that those are bad, though.

NS users not trying to make merch.

The Avant-Gardist State of Patagonia ~~~ *Gauchos and Mapuches, orgies and parties, avant-garde art, futurism, syndicalism, the New Man, general strikes, the glorification of violence, spiritual nationalism, esoteric occultism, CIA spooks, Spartanian homosexuality, public sodomy, and more*

Triomphe du Surréalisme (1968)

- There are many things said about Patagonia but few actually know what goes on behind the Andes mountains. Tales of human depravation and man's inner darkest self run wild. A place where avant-garde culture flourish and the artist don't fear the censor. Where all live bold and free under the gaze of the Patron. Yet all dreams will come to an end soon...

The kids love that one.

If one day I decided to, the only merch I can make from the characters are Clarissa and Valentijn. The rest are just copyright bombs waiting to happen to spectacularly. The nation's concept is... I guess I can sell it off to someone, but I really am not in this for money. ^^ Even without the "No commercialization" ruling I am not intent on such a thing.
