Holy fuck, it's like they were made for each other.

I unironically enjoy it.

[this song, which is perfect!](#)

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Embrace Your Smile by Guo

By three methods we may learn wisdom:  
First, by reflection, which is noblest  
Second, by imitation, which is easiest  
and third by experience, which is the bitterest.

*Who is in control of those in control?*

[Why does Ben Lee \(who I assume is the linoleum faced 'wipe-clean-look' profile in the bottom right-hand corner\) look like Rene Auberjonois? Why would Odo be hanging around a rubbish looking holo-world full of quidditch goals that vaguely resembles rejected Final Fantasy 13 concept art? And what happened in order for him to want to breath tornados? And how?!... It would take a vaster intellect than mine in order to answer those questions.](#)
