GigaGod Chadman gets tired of himself and decides to destroy everything that represents him.

He uses all of his powers to exterminate once and for all, every single one of his apprentices and any seeds of his that may be left. After everything is finished, he vaporizes all chads in the world and destroys everything that chadism stands for. He sets his sights on the Epikman Empire of Florida and completely destroys it, allowing OHIO to dominate all of its territory. Ultimately, he commits an outright and definitive suicide, which is a complete success.

New Man is born in Senegal during an extremely repressive and violent dictatorship imposed by intelligent cows.
