In his grief, Son consults a witch doctor to resurrect Man. He kinda succeeds, in that Man's soul is now trapped in a Nintendo Switch.

Man sells PS6 in the Black Market (remember this location for later) and buys a shard for \$952.32 NSD

Z-Day and N-Day are not canon.

Man doesn't want to kill in Cthulhu's name, but he keeps waking up in the morning covered in blood that's not his own.

Joshua, denied Kazakh citizenship, travels to New York City, pretending that he is a Kazakh citizen, with a fake passport and everything.

(He bought the passport on the black market, location remembered)
