QUOTE

They really like their candles.

New Justusia

A post-scarcity/singularity AI civilization set in the far future that lost most of it's culture and history before it's founding. Without reason or purpose of existence, uses remnants of modern internet culture as a basis of forming their own society... with certain weights and biases.

8 Values Result: Interacts with the multiverse regularly, from
whatever's left of their sense of curiosity.
A **[1.5] civilization**, according to [this index](#).

I would guess they have a thriving potato agricultural industry and have a beautiful landscape. Also I don't know why but that farm reminds me a lot about the farms on the outskirts of my town.

They are in a civil war between two political factions of the country.

Im invincible, you may delete my main account, I still have the others.
Delete them if you want, I will create more nations.
Ban my pc to enter in NationStates, (As you tried to do) I'll find a solution. (As I did)
Ban me again, and again, and again, and as many times as you want, that I have more computers.
Ban those computers! That people are in my side.
Ban them if you want just for beeing with me, that neutral people will join my movement.
Ban them also, that even your own supporters will support me.
BAN EVERYBODY, BAN NATIONSTATES, BECAUSE YOU CANT BAN HISTORY, AND I WONT BE FORGOTTEN.
