Aemilia "Pearl" Aetia is a squid goddess about as old as the universe. She created and is living in the dimension of Ikaremu. Dimensional rifts resulted in a war between the forces of Justice and Chaos. After the war, her inkarnation incarnation on Aerth 001 created 450,000 Inklings near South America, but she was killed by the Peruvians. In Ikaremu, she is becoming more attentive to what happens in other universes.

The particular interpretation of the Qu'ran employed by their leader appears to focus on religious tolerance, social justice and individual rights. I'm kinda curious to see the theological acrobatics needed for this to make *any* sense, let alone be accepted by a population of devout Muslims.

All based on historical Islamic practice, *habibi*. No aerobatics required. In 700 years of Ottoman history there was only one case of an adulterer being stoned in public. The outrage it caused was such that it never occurred again under Ottoman rule. Historical Islamic caliphates and empires such as the Mughals and Fatimids were multi-religious societies with Christians, Jews and even polytheists like Hindus in government. There are dozens of differing opinions on religious matters, and dozens of schools of thought - some devout Muslims, even Caliphs, drank alcohol; while others respectfully disagreed and refrained. Sunni scholar Imam Sufyan al-Thawri (d. 778) taught that "if you see a man doing something over which there is difference of opinion among scholars, and which you believe to be forbidden, you should not forbid him from doing it." The Prophet Muhammad, 'alayhi s-salām, taught 'Ikhtilafu ummati rahmah' - Disagreement among my nation is a mercy'.

Just from their introduction fact book, you can tell it's a pretty heavily monitored / censored state security nation, with a revolutionary nationalised agenda that outputs tons of propaganda, as well as purports democracy. I love outside the box factbooks like this; really give the vibe of the nation.

Kaedijork is named after the tribe of the Kaeds, a Nordic tribe which emigrated to North Africa in the 900's. In the ancient Kaedish language, "Jork" means "desert", which, when you mix together, means something along the lines of "Kaedian people's desert".
