Liquid dubstep that sounds a lot like actual water at times.

I borrowed this because it seemed like a doom metal album. Wikipedia search said post-hardcore/metalcore. Well, gonna listen to anyways, inb4 shit. At least these first two songs were.

Thank god that album is over. It's the worst album I've listened to, 9/100.

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.
