Judging by post count, fairly well known, it seems? Haven't been too active since July/August, though, so can't say for sure.

AN is not unknown. Well known? Also no.

In the year negative a billion [Mynation](#) might not have been here.

In the year 2019 it was available, and I sniped it.

Now we have Mynation as it is known today.

Who are you, how does a nation with 1.73 billion population look like it was founded yesterday? I don't know you since your first post is very recent, even more so considering a nation of your size.

Well-known to me, but since they've come back from their hiatus they might not be as recognisable to others.

Pretty well known in plenty of corners of the forum, from their indexes in F&NI, to their activity here in F7 and NSG, pretty active as well, and seem to be a chill old mate.

F7 in recent history. On other forums? Not so much, but their presence of F7 is paramount, and it's quite nice that such a quality user is as active as they are. Very well known, but mostly exclusive to F7

I'd say moderately well known, for better or for worse. Not that well known by any stretch of the imagination though.

Judging by post count, decently if not widely known, but I haven't seen them a lot, so I'd say well known.

Not famous or anything, but I've seen them around so they're somewhat well-known. They have a recognizable name.

NS stats are canon. I don't roleplay much. Not here for politics, just worldbuilding fun. Thank you. :)

Not very. Few posts, most made months ago. Can't say I've ever seen them, though I was on hiatus in May, so.
