[Hammock-Floating Away in Every Direction](#)

I seem to of gone through more of this then I remember....

Also, another song name that instantly made me think of that same RP character....the one I'm probably the most attached to for various reasons.

The first part of this name makes me think of the RP character, too....these guys apparently like to get my mind going with song names.

Another one that makes me think of that RP character....Geez guys, stop catering to me and relating songs to RP characters. Though in this case it is relating song names to RP characters, seeing as most of their music is instrumental.

Melodic instrumental metal, this kind of music is perfect for drawing sketches.

Good band. Though in that realm of metal (Post-metal? Pretty much metal mixed with post-rock elements though I don't think all of Pelican fits that category), I prefer Russian Circles.
