The Sound of Truth by As I Lay Dying

I am letting this nation die. I may or may not return after a long fucking while. I need a break from all the LYING AND CHEATING.

Oh, wait. That'll probably continue. I'm gonna pretend it's not happening, then.

Idk why....but I was really disappointed with that song

"Revolution" - Tony Rebel

I'm disappointed with pretty much anything she does. Though, I mildly liked the one with Kanye West.....if Kanye West didn't exist on the song. So I only heard the Dubstep version then. Though, I rarely ever listen to it still.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

I first took a listen to them early this summer and was listening to them again since their record company just added me as a friend/contact on YouTube.
