Why are you terrans always communist, cant you follow a normal and sane ideology like mine for once in your short lives. Every time i see a terran they are crazy and you are no exception. What even is Corporate Socialism you cant have corporations and be socialist that makes no sense. Whats more strange is you are a doctor shouldn't you be smarter than the average terran, let me guess you bought your doctorate. Every time i thought i saw the worst of you terrans i somehow mange to a worse one.

Shopkeep's Mood: Dissapointed, Slightly Worried

"Overall, I find I like his spirit and approach, though his lack of capitalist drive and zeal for 'worthy causes' is misguided at best. What better cause is there than the pursuit of wealth and power? Not to mention his hatred of monopolies... Well enough. It's a shame, really. In a different life, I could see Bjornson as an esteemed business partner. That reminds me. I should make sure the Shadow People know, in no uncertain terms, that if I die, there is no more liquid darkness, period. Hopefully they'll take a more proactive approach in keeping me in power... and keeping Bjornson's raiders from attacking."

Welcome to the Dunwich Las Vegas Branch Offices, a "nation" inside a single building in New Vegas. (Might be more apt to call it a "death trap" than a building, though.)

We're best known for our feuding gangs, widespread practice of cannibalism, chronic mental illness, radiation poisoning, rampant chem abuse, and people killing each other just for food and water. But did you know that we also have non-Euclidian geometries, social experiments, a rich history of conspiracy and sordid affairs, eldritch horror, and chems made from modified FEV?

Come to the Dunwich Las Vegas Branch Offices! You'll be violently assaulted by starving cannibals in 30 minutes or less! Guaranteed!

When I first lay witness to you I thought you would be some sort of drone like creature that prays to some God or perhaps is a human hating creature that only wants glory for their species, call me racist or alien racist but I seem to be only partially right.

It's strange because reading up on it I hate the thing but hearing the opinions and the way they speak I question the possibility that maybe the Archon isn't that bad as a person outside the fact that I've heard some pretty nasty threats, sure I'd still stand my ground against him I'm highly against this creature it's mind is too aggressive. But it's interesting perhaps I'm too optimistic towards other leaders."
