I had a very elaborate plan for 9827, but he hung himself to avoid it.

Ever notice how some elements end with "yum", such as uranium? They were clearly meant to be eaten. Oxygen does not end in "yum". Stop breathing right now.

For any serious rp, my nation is known as Yttria.

Now, after getting lots of territory in outer space, our nation was thrown into disarray due to technocrats and commies.

Monkey 9821 fell from a plane with no parachute. As this isn't a cartoon, he died on impact.

It was later discovered that ninjas stole his parachute.

Jebslund is a nation of kerbals ruled by Emperor Jebediah Kerman. We reject tyranny, believing that rights should be protected, though we also believe said rights end where the rights of others begin.
Shockingly, we *do* use NS stats, with the exception of lifespan.
