Monkey 3829 was held hostage by monkey 3831's pirate crew. The ransom was not payed on time.

Don't use NS stats except for changes in economics, political freedoms, or civil rights which may eventually make their way into written canon if I get tired of worldbuilding.

Monkey 3828 tried to find love by going down to Hell, failed to kick rocks in the right order, died, got resurrected, found someone, and proceeded to say a cringey pick up line and got stabbed in the spleen.

Who even am I?

3827 went antique shopping and found an old oil lamp. When he rubbed it slightly, a genie popped out and granted him 3 wishes. For his last wish, monkey 3827 wished to become immortal. Death, slightly annoyed, instantly appeared and killed monkey 3827 with his scythe before the wish could be granted.

Monkey 3825 tried to stop 3826 from killing his parents, however went to the wrong year and met the Avengers during End Game instead. They believed him a minion of Thanos and he was blown up.

Monkey 3824 was in the studio audience when Fish was a guest on Baking With Alphonse. Fish was accidentally lightly battered and deep fried and Monkey 3824 was one of the audience members who got a taste. Unfortunately, he had a violent seafood allergy and expired just as somebody asked, "Hey, where's Fish?"

Monkey 3823 decided to swim the entire length of the Nile River starting with Cairo. However, he wasn't experienced and drowned just a few feet from Cairo's center.

Noo!!!!

Monkey 3821 was Rosencrantz.

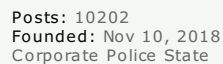

Tiny, Shakespeare-obsessed island nation northeast of NZ settled by HRE emigrants who thought they'd landed in the West Indies. F7 Stuff Somewhat Not Canon; RP is in real time; Ignore Stats; Still Not Kenneth Branagh.

News

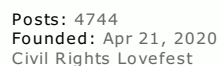

Monkey 3820 thought he was monkey 0420. His lack of math skills caused him to smoke too many joints, and he soon died of lung cancer.

-Daniel Sanchez, President of the Federal States

monkey 3819 was Macbeth from Macbeth. He was taken out the book. Thinking he was still king, he went to Scotland, tried to fight the prime minister. 1 block away, a man was getting ready to eat with knife and fork. the knife fell on the fork and the cat bounced on the fork. The knife fell into a car which promptly crashed. The knife flew into a woman's back and she went screaming. The paramedics came and tried to take the knife out. The knife was stuck pretty well and when it came out, it came out flying. Alastair the IV tried to catch it but it only stabbed him and rebounded. It then proceeded to stab Macbeth under the arm.

Monkey 3818 was the woman who got backstabbed. She survived, but some idiot gave her a peanut butter sandwich on whole wheat bread out of naive support. She was deathly allergic to gluten.

Monkey 3815 was the driver of the car which the knife ricocheted off. He was killed after his car crashed into a tanker truck.

Monkey 3807 watched so much RWBY that, when he died of an exposition overdose, he hallucinated being shot by a scythe-gun.
