a cool mix of both nordic and african colonial influences

The **Empire of Murdenholl** is a modern, technologically-advanced nation that exists in the frozen rigids of the far south. Imagine what would happen if a bunch of Vikings read '1984' by George Orwell and thought "hey, that sounds like a pretty good foundation for a society". Throw in some Game of Thrones-esque notion about divine blood, a revisionist attitude and power plays aplenty and you have what can be described as a very nasty, very dangerous and very cool place.

A very weird Eastern European nation.

Bootleg Sweden. Or something like that. Idk.
Putin is an idiot. If you disagree, hold this ratio.
The name of my nation means 'Hope and Peace' btw.
Not based in Scandinavia, although I wish I was.
I still laugh at amogus jokes for some reason. Please send help.
I like cars. Cars are cool. I still believe that public transit > cars though.
Ok that's about it. I have nothing else that is interesting.
