Holy shit, this now my favorite song on Volk. How did I go so long without listening to it?

I did that with a Sigur Ros song once. Listened to this one album for the longest time without realizing that my *Cough* illegally downloaded version *cough* was missing a song from the album. Then once I found it it was one of my favorites on the album, and it was quite different for the band and Jonsi's singing.

Listening to some of the album I bought my grandpa (Because he really liked what I showed him and it seemed right up his alley. Probably will buy him their other stuff at some point), because I can't think of what I want to listen to right now.

I hate radio edits. I mean, I seriously see no reason to shorten a song. Some of the best parts of Silversun Pickups songs were removed because of stupid radio edits.

I've heard only maybe one or two radio edits that actually made the song better.
