I hate that the old one was locked... Oh well.
The opening theme to Stargate SG1 - David Arnold
Edit: Oh, and add Part II to the title or something. The old one had 1350 pages and 33741 posts.

Well, for me it just sounded like dull music. It doesn't help I just don't like that style of vocalization. They got surprisingly huge though.

[This](#) is the one I know best, from a videogame. It's just the vocals that turn me off really....And to me they just sound like a band I've heard plenty of times before. I just don't really see the extra appeal that got them as popular as they did. But that's just me!

Really? I didn't think of them as a band you'd like. I'm not sure you'd like all their stuff, because they got a big variety on one album and some of it is quite different from that song.

Merging with Sword (Onto them), Leviathan.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
