"...the Republican strategy of disenfranchisement is a state-by-state strategy. It looks like judicial rule where they cannot win. Where they cannot win by judicial rule, they will rule by procedural theft. Where they cannot convince voters to vote for them, they will convince the candidate they voted for to become one of

them." - [Tressie McMillan Cottom](#) | "...now you have someone sitting on top of the personal data of several billion users, someone who has a long track record of vindictive harassment, someone who has the ear of the far right, and someone who has just shown us his willingness to weaponize internal company data to score political points. That scares me a lot." -- [Marcus Hutchins](#)\*
