Well, [blood has nothing to do with it](#) but the nudity might. Which to me is still kinda sad because nudity is a natural part of life but everyone seems perfectly okay with mindless violence. People freak out about nudity in movies but when it comes to violence it is suddenly okay.

Yup...

And there are some fairly nice thunderstorms rolling through here right now. At 2 to 3 AM I woke up and there was lots of flashes outside my window but it was too far away for me to really hear it, with a few exceptions, but there was still quite a bit. And I just heard thunder today. Quite humid out. Perfect mix for thunderstorm weather.

I wish I was in Eastern Washington though. They reported 1,000 flashes every hour. Only downside is it has been dry except rain

yesterday and last night, so hopefully it isn't dry lightning.
