The first thing they see on their journey through time is the spacecraft with Liam in it. They don't get shot by Samus this time though, rather their journey continues up until...they reach Earth in 1914.

Man's rations are increased from 5 peas a day to 2.5 peas a day. Man commits crimethink, and the thought police attempt to detain him. He then uses Jacob Jo'Slant to run over an inner party member, and hold 3 of them hostage. Beginning the Airstrip One hostage crisis.

Aila H.K. learns about this crisis, and using late 21st century technology she and her officials sabotage the thought police in various ways. Whoever is in charge is hit with a mental inversion weapon, and becomes very pro-freedom and pro-democracy. Before the officials of the government can take revenge, Aila escapes back to Tannu Tuva. The Orwellian government is in turmoil, and a civil war is brewing. Man's rations are set to unlimited, as he'd be dead in 2 months at the current rate.

Man uses a stolen aircraft to fly to Ireland and begins an insurrection there against the INGSOC government. They declare independence and form Greater United Chadistan (Anarchic States Chadland refrence)
