"Sports culture is prominent throughout the federation, with baseball being the most popular sport, while hockey, soccer, and basketball also remain extremely prominent. Numerous nationwide annual tournaments are held every year, with fans from all over the federation gathering around their TVs and computers to watch these competitions live."

So...that doesn't change under socialism...terrific!

An east african state that gained its independence from a foreign power in 2007 and is led by the Communist Party under the authority of General-Secretary Amari Mugabe and President Bobo Rhozali.

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.

Their entire nation history is written by a weapon mechanic that hates his own nation (which I understand, it is a evil dictatorship)

I learned a lot of history of the nation and their entire alternate world. It was amusing and it has a good story, and I liked it.

Their armed forces are basically a ragtag band of farmers, their government system is a strange form of Christian anarcho-communism, and they can't seem to decide if they're called Jasonville, Jasonville, or Joseonville.
