CYNIC, n. A blackguard whose faulty vision sees things as they are, not as they ought to be. Hence the custom among the Scythians of plucking out a cynic's eyes to improve his vision.

Hot Tuna -- keep your lamps trimmed and burning

<https://www.hvst.com/posts/the-clash-of ... s-wl2TQBpY>

The West won the world not by the superiority of its ideas or values or religion ... but rather by its superiority in applying organized violence. Westerners often forget this fact; non-Westerners never do.

--S. Huntington

The most fundamental problem of politics is not the control of wickedness but the limitation of righteousness.

I know the "My Way Curse". I don't believe in such things. Those accidents are just pure coincidence.

Anyways, I'm currently blasting the Wolfenstein Version of "House of the Rising Sun", "Haus in Neu Berlin".

Connie Converse - Honeybee.

The story of Connie Converse is intriguing. She was a singer songwriter who never made it and worked in secretarial and managerial jobs. She disappeared without any trace shortly after her 50th birthday in 1974; it's not known what happened to her, though her brother was of the view that she took her own life. Her music - amounting to only a few recordings - was only discovered in the 2000s.
