I would say so. I mean Justin Bieber was actually really good imo, but Chance killed it in his part.

[Justin Bieber ft. Future - What's Hatnin'](#)

No, just no...worst track on the album.
And friggin Future? Jesus...he's one of the worst rappers out there (though much better than French Montana and Chief Keef I guess...).

I like when artists do that, as long as the other artists are *actually good* for the song.

And Jay-Z is one of the most overrated rappers ever. I will never understand why he is so popular.

Justin Bieber - Swap It Out

Almost finished with this...
