This song seems to be remixed a lot. One of my favorite song of theirs, but I've heard 3 versions so not sure which is my favorite.

What, you find it surprising that artists have interest in music besides the kind they play?

My respect for Lupe has gone up.

Haven't heard this song in years...kind of sounds like "Coming Up" from Lupe Fiasco.

I assume his style of singing is probably different.

My intention was to show the contrast between the music he usually does and the music he's doing with this project.
