Monkey 611 swapped places with Monkey 612. Subsequently, both were struck down for breaking the rules, because it can't go "monkey 611" and then "monkey 612".

Monkey 609 lived in the South during the Jim Crow era. He usually kept to himself, until one fateful day when he looked at a white woman the wrong way. Later that night, he was lynched by that woman's husband

The island of the Galapagos and the main power of South America controlling the West of South America. Militaristic and authoritarian with a troubled past and an uncertain future with stability at an all time low due to a lost war and unpopular occupiers.
