Chances are the air force would put an end to your mining/logging operation at an early stage.

Domestic violence?

Mhmm. There appears to be no specific law on the books for stealing an entire Walmart, so we'll slap a 500P fine on it and categorize it under construction fraud.

Not much, really. We'd just ask you not use it if you don't have to. Earth is kinda where all our stuff is. Sure, by law in The Onigiri Enclave, insurance companies have to provide coverage for small and medium apocalypses, but some things just important, like like manga collections and Nendoroid figurines. However, if you do make one, there's a good chance our Defense Czar Yujimei Natsume will pay you a visit to show you how to make it an even **BETTER** world-ending device, because it will amuse her.

Wearing a blood-drenched business suit made of freshly skinned kittens to a board meeting?
