Monkey 1802 thought it could beat Aaron Burr in a pistol duel. Spoiler alert, it couldn't. On the plus side, people made a musical about him around 200 years later

Monkey 1799 was really frightened during the reign of terror. That attitude ended with Monkey 1799 going the way of Monkey 1803

Monkey 1795 was living in Poland during the Third Partition of Poland. He couldn't decide where to live so he split himself into three pieces to live in Austria, Prussia, and Russia. He didn't survive the dismemberment process.

Five little monkeys jumped on the bed.

Monkey 1781 jumped on the bed, fell off, and bumped his head. He got a concussion, but for some reason, didn't tell his mom, and took several drastic measures to cover it (up). A few days later, it got infected and he died.

This is why you don't refuse to seek proper medical care, children. :eyeroll:
