Oasis - (As Long as They've Got) Cigarettes in Hell
Single (2000)

*Spend you days just walking and shopping
Depending on how much you're luck is in
Spend the night-life table-hopping
And trying to keep that bag of bones in trim*

*I don't mind not being immortal
'cos it ain't all that as far as I can tell
I don't mind not going to heaven
As long as they've got cigarettes
As long as they've got cigarettes in hell*

*And by the time we start getting used to it
The dope that's forming on the windowsill
Now we know we've got ourselves into
The cage that keeps the mice on the treadmill*

*I don't mind not being immortal
'cos it ain't all that as far as I can tell
I don't mind not going to heaven
As long as they've got cigarettes
As long as they've got cigarettes in hell*

*I don't mind not being immortal
Because it ain't all that as far as I can tell
I don't mind not going to heaven
As long as they've got cigarettes
As long as they've got cigarettes in hell*

Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.

Madonna - Frozen
From *Ray of Light* (1998)

*You only see what your eyes want to see
How can life be what you want it to be
You're frozen
When your heart's not open*

*You're so consumed with how much you get
You waste your time with hate and regret
You're broken
When your heart's not open*

*Mmmmmm, if I could melt your heart
Mmmmmm, we'd never be apart
Mmmmmm, give yourself to me
Mmmmmm, you hold the key*

*Now there's no point in placing the blame
And you should know I suffer the same
If I lose you
My heart will be broken*

Earth Crisis - Forced March
From *Destroy the Machines* (1995)

*Humanity devours itself alive
Forced march down this path of sorrow to an end that doesn't
justify
Hands chained, running driven upon those that fall they tread
Conditioned by a warped value system to not look back, just push
ahead
Lives of excess, lust and material greed
A slave to their own desires, apathetic to those in need
Devoid of love no peace inside. Blinded by their manic greed
Thoughts consumed with the thoughts of the worthless
This is their reality*

Johnny Cash - Hurt
From *American IV: The Man Comes Around* (2002)

*I hurt myself today
To see if I still feel
I focus on the pain
The only thing that's real*

*The needle tears a hole
The old familiar sting*

*Try to kill it all away
But I remember everything*

*What have I become
My sweetest friend
Everyone I know
Goes away in the end*

*And you could have it all
My empire of dirt
I will let you down
I will make you hurt*

*I wear this crown of thorns
Upon my liars chair
Full of broken thoughts
I cannot repair*

*Beneath the stains of time
The feelings disappear
You are someone else
I am still right here*

*And you could have it all
My empire of dirt
I will let you down
I will make you hurt*

*If I could start again
A million miles away
I will keep myself
I would find a way*

Elton John - Your Song

[Live performance](#)

*It's a little bit funny this feeling inside
I'm not one of those who can easily hide I
Don't have much money but boy if I did
I'd buy a big house where we both could live
If I was a sculptor but then again no
Or a man who makes potions in a traveling show
Oh I know it's not much but it's the best I can do
My gift is my song
And this one's for you*

*And you can tell everybody this is your song
It may be quite simple but now that it's done
I hope you don't mind
I hope you don't mind
That I put down in words
How wonderful life is while you're in the world*

Behexen - Watchers of My Black Temple

*It was a night
The night when it happened
I woke up frightened
I could feel your presence as agonizing fear
I could feel how you were dancing around me...*

*I couldn't see you, only feel
I was freezing and feeling immense apprehension
You created voices that I still can hear when I'm asleep
Yet something interrupted everything and you were gone*

Elton John - I'm Still Standing

[Live performance, October 31, 1988](#)

*You could never know what it's like
Your blood like winter freezes just like ice
And there's a cold lonely light that shines from you
You'll wind up like the wreck you hide behind that mask you use*

*And did you think this fool could never win
Well look at me, I'm coming back again
I got a taste of love in a simple way
And if you need to know while I'm still standing you just fade away*

*Don't you know I'm still standing better than I ever did
Looking like a true survivor, feeling like a little kid
I'm still standing after all this time
Picking up the pieces of my life without you on my mind*

*I'm still standing yeah yeah yeah
I'm still standing yeah yeah yeah*

Elton John - Empty Garden (Hey Hey Johnny)

[Live performance, November 12, 1999](#)

Who lived here

He must have been a gardener that cared a lot

Who weeded out the tears and grew a good crop

And we are so amazed, we're crippled and we're dazed

A gardener like that one, no one can replace

And I've been knocking

But no one answers

And I've been knocking

Most all the day

Oh, and I've been calling

Oh, hey hey Johnny

Can't you come out to play

Elton John - Rocket Man (I Think It's Going to Be a Long, Long Time)
From *Honky Château* (1972)

*She packed my bags last night pre flight
Zero hour nine a.m.*

*And I'm gonna be high, as a kite by then
I miss the earth so much, I miss my wife
It's lonely out in space*

On such a timeless flight

*And I think it's gonna be a long long time
Till touch down brings me round again to find
I'm not the man they think I am at home
Oh no, no, no, I'm a rocket man
Rocket man burning out his fuse up here alone*

*And I think it's gonna be a long long time
Till touch down brings me round again to find
I'm not the man they think I am at home
Oh no, no, no, I'm a rocket man
Rocket man burning out his fuse up here alone*

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
