Never seen them before, but judging by their post count they're at least well known.

Sorta well known in various F7 threads for being the resident FT Rome spinoff, but not a huge name quite yet.

Extremely well known, at least here in F7. Pretty chill player if you interact with them, and they've garnered a large reputation when I was gone for one year and when I came back.

I mean, the nation's old. About as old as I've been playing NS seriously, in various nations. But in all my years here I've genuinely never seen 'em before. I'm gonna say somewhat well known due to age. Just anecdotally, we're complete strangers.

Honestly, never seen them before. Sorry.

Through a haze of green and white fog and the sloshing of the Pacific Ocean on the sides of your wooden sailboat, you lay eyes on a mystical island full of creatures living in a medieval society in harmony with both nature and progress formed a millennium ago and kept moving forward by new human residents every couple years. New human residents quite like you.

Effectively unknown outside of F7, and even here they aren't that well known, only having 40 posts as of writing this.

F7's preeminent junta enjoyer. Well-known here and sometimes seen in the Nat Info forum.
