Assuming you're caught, 5 years in prison, with some nations giving
you the option to volunteer your talents for the state. The
punishment is significantly longer if you block official announcements
or emergency broadcasts, since that would be considered electronic
warfare.

You could get bound to a tree, get kissed and hugged for an hour (or
at least way longer than you want). Then you are released, get a
nice present, and they wish you a nice day.

Delaying hundreds of elevators on purpose by presssing all buttons,
when others want to use it - sometimes you go with them, sometimes
you sneak through the door in the last moment and take the stairs.

Don't expect long trials and cancels... Sky Reaver trans woman gonna just slap for that. Or maybe kick gropper's ass. Or maybe scream and other folks would spoil the harrasser's day. Or might like these advancements if drunk. If sheriff is involved, harrasser would spend several days in the polcie station for hooliganism.

Remember, the fact, that we are semi-anarchy doesn't mena, that ya' can go around and rob random people. We still got law and order, loose as they are.

Reprimanding from superiors and nothing more, unless its in a virology lab. In that case, maybe a few years in prison.
