Monkey #386 went insane after witnessing the sheer brutality his comrades shown as they devoured 387 alive, he tried his absolute best to forget about the bloody carnage, but he ended up taking his own life several weeks following the horrific bloodbath.

Monkey #383 tried to find the cliff where the stories of Monkey #10000's death are rumored to have taken place, #383 succeeded in reaching the last resting place of #10000, but he inexplicably got possessed by the vengeful ghost of Monkey #10000, where #383 involuntarily jumped down from the accursed cliff.

Monkey #369 is possessed by the vengeful spirits of the monkeys who died while going to battle, and after several failed exorcisms, #369 died from internal bleeding.

Monkey 366 had a heart attack after realizing he missed Friday the 13th. That didn't kill him, though, but then he died after having another heart attack after realizing there were two Monkey 368s.
