A nation of Slavic Mars' colonists who escaped from the nuclear apocalypse of Earth. We have not the Fully Automated Luxury Gay Space Communism (and we will never be gay). Our ideology. The nation doesn't represent my views. It was created for artistic purposes and it's 0% political. Current year: 2170.

This nation does not represent my Political or personal views, not entirely. It does, however, use most NS stats.

Take everything said on this account with a grain of salt, most of it is uninformed. Also never happy with anything, constantly reworking and reformatting.
