Most of the songs by that band do nothing for me. The ones I love are Burn the Witch and Little Sister.

I heard the new album was actually getting praise so I was giving them a try. My dad said the radio song was slightly more interesting than their other stuff. What I've heard of them previously sounded kinda bland. So I was hesitant to give it a try but here I am.

Except I got sidetracked again.

You know what the two best songs by them are. ☐

I have yet to come across any others they have made that well.

I like Keep Your Eyes Peeled. The Vampyre of Time and Memory seems decent, too. Still going to give this album more of a listen...

Keep Your Eyes Peeled is my favorite I've heard so far.

Queens of the Stone Age-If I Had a Tail

You were right. They do have other good songs. I underestimated them because of going through a few songs by them that did nothing by me so I assumed they were one of the bands that had one or two good songs.

If I Had A Tail is decent, too, but that one is still my favorite.

Queens of the Stone Age-My God is the Sun

I'm getting tired though so I think I'll finish this album with a more awake mind.
