The nation is very patriotic. The primary banner could even be a recruitment poster for their army!

Hi, it's been a while. If you're seeing this then it means what I'm working on is not quite done yet. You can still read my old stuff but it's probably not canon anymore. I'll try to get something up soon. It may or may not involve wizards.

Currently semi-retired. I still check this nation once every 3-4 weeks for telegrams, but otherwise I don't do anything and won't until I get my life back together.

A pacifist union located on the utopian planet Delotheaa. Nothing notable other than its longevity (as the nation has existed for over 10,000 years) and its unusual ability to repel invasions.

#### Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.

The formerly wartorn nation keeps a facade of normalcy and order while enjoying the societal and cultural decadence that marks the new Roaring Twenties. The paranoid authoritarian government tries its best to uphold order in the face of uncertainty, while its people want nothing more than a breathing space.
