i mean, yeah, sometimes there are effortposts or just good ones overall, but the only reason I'm against this is just the "don't break the chain" thread ngl. At least I'll actually show up as having 4,141 posts.

I think the only reason F7 posts *don't* count is because of auto-pruning being a thing.

I dunno if this has been done yet, bit most people in F7 just doing the first couple, MAYBE page. And generally just the quick games. When it comes to the higher effort ones, you tend to see the same faces around alot.

Yeah, often you have to wait a while to post again since the higher effort threads are fairly low-traffic.

Same goes for F&NI threads

Yes, but I take that for granted since threads in F&NI don't risk deletion.

The premise of F7 is skewed towards quick games in the first place.

Forum7 is not a spam forum, and threads that are nothing more than spam will be locked. Similarly, posts made in Forum 7 will not be added to your post count, to discourage people from posting borderline spam in various F7 threads just to boost their post count.

The first commandment of the Seven Commandments of Forum 7, pinned to the top. I don't really agree with this, but in cases of threads such as "Don't break the chain", well...

Looking at (almost) everybody's posts in the cesspool that is the 'How YN's Soldiers feel about fighting the AN Soldiers' thread, everything reads the same:

'Yo we suffered heavy losses but we pulled through in the end'

'Our helicopters got shot down but we're almost to the objective'

'Enemy tanks were tough but we manage to blow several of them up with enough rockets and precise artillery strikes'

'We punched through the enemy lines and we bested them in close quarters combat'

'I contracted gonorrhoea and I am certain I will suffer PTSD'

#### **The Imperial State of Ateria**

Mixing elements of Pahlavi Iran and North Korea together; like both South Korea and Japan, the Imperial State does not have laws that protect nor recognize LGBTQ+.

I mean it's better than a constant of "my powerwank FT nation is better so we win."

I don't get it often, but at least when nations more powerful than me reply in those threads they make the defeat interesting, which I also try to do. The special sauce is that you put specifics about the AN in your post, because the worst thing is to be replied to by a post that could work for literally any nation.

Aye, and I try to make the defeat (either my own or theirs) somewhat amusing, from the POV of a person on the ground, usually. There are only a rare few instances where I'd take someone far higher up and more isolated from the action to throw their commentary into the ring, but usually, by then, I'm trying to make things interesting.

-Only to end up with a reply to my nation being rather short and pointless like...

"So we held them off, it was a short battle, but we won."
