Mostly in Kurdistan Syria a group which persists of a group with over 1000 members is a cult named 'War Worshipers'. Originating from a small fishing village near the Euphrates river, the group believes that humanity's role is to fight, steal, and commit crimes in general. They are considered extremely violent (well of course) and police/military contact is approached with severe caution.

Also, I wish that image was more than just a meme. 🙄

Founded in 2014 by Laurence Oller, the Church of Clear Hope has been a center for rehabilitation and unlocking one's path to the future for over a billion people worldwide through a process known as "Clarology". In other terms, the process of Clarology offers a precise path leading to a complete and certain understanding of one's true spiritual nature and one's relationship to self, family, groups, Mankind, all life forms, the material universe, the spiritual universe and the Supreme Being.

They seem to like an actual church or religion of some kind until I saw that there website goes into the future. Anyways they where founded by Laurence Oller who in 2012 after waking from a coma described visions he saw and managed o develop medical technology which he used to start the Church of Clear Hope in 2014

Note: Many factbooks are in a constant state of WIP or being considered for entire rework or deletion

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

While the Empire is called 'The North Alpian Empire', the Alpian Kingdom is - ironically enough- nowhere even remotely as big as Gallia.

Given that you are referring to a nation's factbook, I'm just going to loom about this. Referring to a group of people as subhuman is not okay and can be regarded as trolling. Be mindful of that moving forward in how you phrase your thoughts.
