Man decides to support the Tunisian government in the civil war. Meanwhile, [Abkhaz user] is in his government building as a high-ranking official of the Penguin kingdom, when he hears a knock on the door. He opens it to see what seems to be normal civilians, but they are actually **მეგობარნი** dressed as penguins. Four sudden chords announce another boss fight:

Miku: We can't let you do this! *850* *850* *850*

Man 1: Man deserves an interesting and fulfilling life. *284* *284* *284*

Meiko: For a free cyberspace! *1421* *1421* *1421*

Len: We shall end this once and for all! *594* *594* *594*

[Abkhaz user] Fine, so be the end of you and your "nation".

This angers Meiko: speed and damage increased by 10%. Her next attack hits 21 times for 1563 damage each; meanwhile, an aura created by Rin and Len surrounds **მეგობარნი**, causing everyone to regenerate 10 HP every second and reducing all incoming damage by 80% temporarily.

Man then arrives at the battle site, and places a grenade in the ceiling above [Abkhaz user]. The ceiling collapses onto [Abkhaz user], dealing 4047 damage and leaving him stunned for 60 seconds.

Meiko: There are over 500 of us here. If you just surrender now you will live to see another day.

[Abkhaz user] HP 1035027/1081344

Man then gives Meiko a bag of energy orbs that when activated heal 2000 HP for everyone nearby.

The new man, very much bored of this new universe he finds himself in, decides to move to the Penguin Kingdom to serve in the Penguin Army. Surprisingly, it's mostly made out of penguins and humans.

The dead Man falls through a hole in the ceiling, and his blood leaks into one
of [Abkhaz user]'s open wounds, giving him a hemolysis reaction. (0.08% of
current HP) damage/s on [Abkhaz user], with reduced defenses as well.

Private Man and Trotsky then create a new socialist state in the Eastern

Man ends up getting sent to the hospital not only due to eating too many raw onions, but also due to absorbing a whole lot of salt from the Abkhaz's unexpected outburst.

Man hears about previous man's death and moves to [მუკუნის ქვეყანა](#), but finds it empty. He declares himself leader of [მუკუნის ქვეყანა](#) in the absence of Miku's team.

During the sudden outburst by [Abkhaz user], a wave of molten salt (~800°C) burns the floor of the government building. Everyone in Miku's team takes 560 damage. Afterwards, [Abkhaz user] collapses into a comatose state, with his health still declining.

The Man Council, a gathering of all the leaders of the multiple things in the Man Universe, declare that [Abkhaz user] is an illegal person who is armed and dangerous and that all the countries should form a police force to arrest the individual.

The Penguin Kingdom, for its part, fires [Abkhaz user] from its job and attempts to arrest him as he is found somewhere on the border.
