Probably Arizona, Southern California or New Mexico.

That knock-off Nordic country run by a guy with little documented personality

Factbooks take time, they may be filled *at some point*

I tangentially seem to recall Gandoor living in America, but one of my first assumptions was South Korea, funnily enough.

THE PEOPLE □ ETERNAL

" We will not bow to your dictation. We are free. We bled to be free.
Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.
