Not a crime, but we also have no national parks, so it depends on the private owners of the parks.

Planting the most destructive breed of termites at the city hall as an act of terrorism?

Killed by a Clan Eshin Assassin, likely ordered by a official who worked at the building. Or just a coincidence and a rival ordered the hit.

Multiple counts of Capitol Murder in the 1st Degree -- Death Penalty (if mentally competent to stand trial.) If mentally unfit, remanded to an asylum for the mentally infirm, or a penitentiary for the criminally insane until fit to stand trial -- then the death penalty. It is a kink in the system that needs better ironed out. Until then it gives brooding vigilantes of the night a reason to don cape and cowl when a patient escapes custody.

Inspiring people to rise up

It depends on for what purpose. To inspire others to rise up in rebellion or insurrection for a bad cause (Nazism, Communism, Fascism), charged according to total damage done, and treason against the People of the Commonwealth. Death by hanging.

If the insurrection was for a good cause and created legislative change, no charge (like when Abolitionists abruptly marched into Parliament and demanded the end of Slavery throughout the British Empire). But if in the process a dog got kicked, charged with causing cruelty to an animal (a fine), or a building gets torched (abetting arson - 5 years hard labor) or if people died, inciting murder/manslaughter -- life imprisonment to death penalty).

Only murdering contract killers?

Hello All,

Gambling inside a public building would not be considered a crime, unless property damage was involved. Then you would likely be sent to prison for 3-6 months. For private libraries, expect to be forcibly removed by security if your behaviour does not comply with their rules.

Owning the Mk19 automatic grenade launcher without permission

You will be asked to hand it in, why you have it, and give information about sales and more. If compliant, will be let off with a fine (20% of annual income [excl. tax]). 10% will be given to Christian organisations. The other 10% will be given to anti gun violence charities. If not compliant, will be administered sodium thiopental and scopolamine to find out information. Then they will be sentenced to 2 years in prison with gun violence classes.

If you have enforced a religion, what punishment would not following the religion be?

If not, what punishment would extremists who threaten people into manipulation have?

i could not find any asking about punishment in AN, so i will just write one:

Depends on whether violence was used, the robbery itself would carry a heavy fine and some jail time, but if violence was used the punishment might be harsher.

Depends

We don't have jails or prisons in Geonomia so no prison sentences  
If a man rapes a woman, either he is drafted into lifelong conscription with no hope for promotion or rise in rank or he is lashed in public and sent to the gladiatorial rings

If a man deflowers a woman during rape, it's either lifelong conscription or death

If a woman rapes a man, it's either 10 years conscription or six days in the pillory

Incestual rape is strictly death penalty

Assault with a deadly weapon
