WARNING: This nation does represent my beliefs, **but** it's also kinda insane and a bit satirical too. You should be able to tell what is satire and what isn't. If you can't, well... I shudder to think what kind of people you have to put up with.

NStats are heresy.

I RP as the Holy Catholic State of Portugal.

This nation is an original work of fiction, as are all names, characters and events depicted therein. The views expressed by my characters do not represent my actual views. Any similarity with real persons, living or deceased, is entirely coincidental.

Looks quite imperialistic

The Republic of Oswyn Islands • Unbedeutend, aber stolz

A small, modern **republic** in Oceania currently under the *Präsident der Republik* **Marius Keßler**. Having long been stagnant in its politics and uninteresting in general, the current president is aiming for global recognition for the country and all its greatness.
