In any other natio its bad. But in my case, if somehow the elections tried to go rogue and someone managed to put the elections back in line, he would get a medal and a nice promotion to the National Party of Andmueed. The Coup thing, maybe it was a bluff, it depends. If nothing happened, we could say it was one of his ways to maintain everything in line. Good Work Comrade.

A man hacked your nacional information which was very important and secret and revealed it to the world. It was the correct desicion as you were hiding hideous and evil things, yet this has made you very angry as the world has started to be more hostile in diplomacy after that. The punishment for desecrating an image of the Empress is a fine of 500,000 Kohatus (US\$25,000) for a first offence and up to one year in prison for repeated offences - although it should be noted that this law is seldom enforced.

If you're a citizen trying to claim it for the Commonwealth, that's fine and even encouraged. If you're an outsider trying to claim it for another country, you'll be eliminated whether it's by government troops, private security forces, or pirates.
