If anything, I'd shave his whole head, tattoo Nazi symbols on his shaved head, dump him in the middle of Paris, and just watch him get mauled by the Parisians. No one's gonna like a Nazi collaborator in their midst. In a one-versus-one fight, his face would be all red from me punching him, *all of a sudden, he starts imitating Hank Hill's voice* and it's gonna match his ass when I'm done kicking it!"

Regarding Gary Montgomery Stu,

Mr Stu is an easily unlikeable individual. I consider him vulgar, uncouth, lacking in leadership skills and unsuitable for any position of authority. He has displayed a lack of tact in diplomacy, and from what I have witnessed, has made no attempt in thawing cold relations or behaving in a manner befitting of an individual with such responsibilities as he. I would personally prefer not to interact with him for it would be a waste of my own time and that of my diplomats. Were it not for his admittedly tiresome behaviour and the frequency in which he appears, I could easily ignore him and carry on with my duties in the company of more likeminded individuals. Unfortunately fate is not so inclined to rid me of this child. To summarise, I care little for him but do consider him to be an unfit leader and incompetent ruler.

Oh! Well despite her short stature and her being clearly stressed out, she is a charming-as-hell speaker that's for sure, I'm pretty sure she can make a 5-hour lecture on paint drying an interesting lecture, and her policies and ideology are pretty similar to mine and chanist ideology in general, that's also nice."

Regarding Chancellor Acazo,

I find myself sceptical of this reptilian. At first I had my reservations and expected a tinpot dictator, but now I see he is a somewhat decent individual with an unfortunate fetish for the employment of capital punishment. I personally approve of expanding civil rights where it does not threaten national security or sovereignty, so on this we agree, however our opinions on universal healthcare and the state's role in the economy diverge. I disapprove of his somewhat laissez-faire approach and personally would not think of taking, but if it is working for his country then I can approve. Mr Acazo's totalitarian killings, however, are unjustified and worthy of international condemnation.

"Gary is one of those exemplars of an interesting trend of a wide variety of 'leaders' here taking their position as carte blanche to be absolute assholes. An entertaining extension to this being that Gary's asshole nature seems to be driven by a prodigious amount of self-loathing, manifesting as a dissociative personality built on hate, especially towards himself. Mayhap he snarls and growls at others because he sees himself reflected back? A reasonable idea, since we do share a large portion of DNA in our origin. I digress though. Let me simply say that I place him firmly in 'not with a hundred foot pole' territory and note that it must say something that an alternate personality that functions as an avatar of pure hatred is more reasonable and approachable than its progenitor! Just goes to show that one can find all kinds in this universe." -Kal'shazzar

I believe it is okay to feel angry and vengeful against the people who perpetrated a genocide so organized it claimed the lives of millions. Everyone who suffered at the hands of the Nazis and their allies, I understand. The thing is...is how much of a monster he later becomes.
