However, it turns out everyone is far underleveled for the final boss (with 500 in the party you need to be at level 100, Man 1 is at 40, TT Man is at 1, and Miku is at 46), and they travel back 184 years once they see the final boss, as they know it's far too powerful at the moment.

Man 1: "There's a reason we have 184 years to prepare, we shouldn't just rush in without thinking."

They have a long training montage that takes place over 184 years. They are now finally ready, with comedically large muscles and level 420 each

Level 420 is so high that most of the ~~English~~ members have 9 digits of HP!

[Show Spoiler](#)

Meiko belts out the entire Flight of the Bumblebee (microtonal version) in 15 seconds: 1,044 hits for 6734022 damage each - that's almost half the final boss' health at once!

[Abkhaz user's spirit]: %#^@\$%#!#%^@#%^%#&!#*&(\$@&\$!

Miku: You are powerless against us now! *exorcises Abkhaz user's spirit* 30845505 damage to final boss.

Wrong Path by Hans Zimmer is next on queue, and the final boss falls after 40 seconds.

The world is saved once and for all, and our control over Man has been broken!

Kinda anticlimactic, but that's the consequence of grinding too many levels - the final boss became trivial.

New thread.

Date: 06/02/2069, right after the creation of the time machine that divided the timelines (so **ᄒᆞᆫᆯᆞᆫ** and such still exists):

Among the first datasets to enter the store is... a **ᄒᆞᆫᆯᆞᆫ** cover of Wrong Path. However, even his own Far Kek government is too kekist to accept Nova music, so Man is expelled. He, and the music store, relocate to N!an!atoQutya.

Ittonia, an island at the northernmost of the north sea experiencing great history, and culture

From the Prussian colonization era to the discovery of Haeven (Now dying) This nation developed itself and doesn't hesitate continuing! Now, we're trying to do our best in this great world. (Even though it doesn't always work out, LOL)
