I don't understand this mixtape thing. How is Death Grips first album a mix tape instead of an album? It sounds exactly like an album and I really don't understand what constitutes it as a mixtape.

Corrian, you might like this. I don't know tho.

Also, a good friend of mine is making one of my poems into a song (she's covering it with vocals), I might add in music in the background and post the results here or the general music thread. Probably the latter tho.

Not really a fan of Avenged Sevenfold, or that cover.

Dalek-Hold Tight

A mixtape is mostly to get known by the public. Most of the time it's free, but mostly it get's labeled by the person himself.

Back in the 80's/90's it was a cassette or tape, that was passed around through the area, copied etc.

What I heard of them they seemed like an annoying 70's music wannabe's, but maybe I need to give them more credit and listen to more then one song that is a single.

And I'm not even sure if I'm thinking of the right band.
