A faulty pen that bleeds over the declaration causing it to be unreadable.

This country does not follow my beliefs, but rather something I would find interesting.

Political Compass: -5.75, -4.87

Prorescia is a tourist friendly nation that has some of the most beautiful forests in the world. It controls a small part of current day Brazil about the size of French Guiana and is largely rural because of that with only 3 major cities, Santo Tablo, Pacifil, and Consanto Praia. The Government is Democratic and led by a Council who make most decisions. However, 5 democratically elected representatives can at any time call for a lack of faith vote which would impeach a current council member. The lack of faith vote is voted on by the populace which number in the thousands.

A pencil

The Army of DxD is an army tasked with defending the world from supernatural threats that aim to bring chaos to or destroy it. It is, for the most part, neutral in human politics (though it does slightly favour NATO), but will actively try to prevent a world war, and, in a war, will take a side if its bases, puppet territories and/or concessions are attacked enough.

Most of the stuff here is WIP.
