What the F are you doing Spotify? Geez, my Spotify's going all weird. One song was out of order and it wouldn't let me move it back, so I re-added the album and it just ordered the songs 2 times in a row, and wouldn't let me delete it .

I think my computers telling me it has been up too long. It seems to have weird problems now if it is up too long.

*Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.*
