People actually make My Little Pony songs?

That show is still one obsession I don't get...I can see liking it, but the obsession is weird to me...But so is the Frozen obsession, and many, many others, so

Animal Collective-Amanita

I listen to this mostly for the start of the song.

Hmm, what to listen to next?

Wut. I just saw the name because my PC is so crappy I can't play YouTube on it anymore.

The Flaming Lips-Do You Realize??

"Do you realize
That you have the most beautiful face?
Do you realize
We're floating in space?
Do you realize
That happiness makes you cry?
Do you realize
That everyone you know someday will die?"

Think I found what I need to listen to. I've had this band at the back of my head to try for a while, because apparently they became good or something.

The Runaways-Cherry Bomb

I kept hearing this song while I was in Sacramento. A few times from my brother and I think one time from something else. It was weird. Listening to it to Scrobble it.
