"From the Void" by Reverend Bizarre

Little bit over 20 minute piece of doom metal perfection. I love that drum solo in the middle around 8:55-13:45.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

**De Magia Veterum** - I Am the Vine

The language of *Draugaborg* is *Draugskur*. The demonym is *Draugaborgskúr*(male) or *Draugaborgskö* (female), both plural and singular. The adjective is *Draugaborgar*. *Draugskur* is a constructed and artistic language created by me, and is based mainly on Icelandic and Russian. Please note that its systems and grammar may be modified, so certain posts will be rendered void in retrospect.

The Woods, Pelican.

Pretty good. It's like a mix of post rock and sludgy stuff. Heavy but there's no vocals.

Russian Circles - Death Rides a Horse

Finally got to this song on the Russian Circles playlist (they have 4 short albums, so it didn't take terribly long).

My god the badassry.

Dat drum solo from 4:47 to 5:07. I don't think I've heard a drum solo in a song in ages.

Pure bliss.

Sounds pretty interesting. I'll get to that soon.
