**Rapture City**

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet

the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...

- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

NS stats for population and GDP are ignored.

A mostly MT nation with some Cold War super-science thrown in for fun.

Local: After a long vacation, the prime news service of Germany is back on the air. / Citizens are advised to keep outdoors activities to a minimum due to the heatwave affecting western Germany.
